

**#1 BRAND IN STEEL
DECK FRAMING**

**WHAT THE
HECK IS UNDER
YOUR DECK?**

EVOLUTION™
STEEL DECK FRAMING

IT'S WHAT YOU DON'T SEE THAT COUNTS

Why build a 25-year deck on a wood frame that rots? Our Evolution steel deck framing and stair system is the next evolution in decking. If you know how to frame with wood, you can frame with steel, even with curves. The interlocking joist and ledger system lets you build sturdy, safe decks with less effort. Our powder-coated finish provides increased corrosion resistance and a more finished look. Discover a smarter steel framing system designed by deck builders, for deck builders.

COMPARE THE DIFFERENCE:

PROTECT YOUR DECK!

Safer, Stronger Steel Deck Framing.

KEY FEATURES & BENEFITS

EASY TO INSTALL

If you know how to frame with wood, you can frame with Evolution.

STRAIGHT, UNIFORM PIECES

Builds flat, stays flat

GREATER SPANS

Fewer posts for less obstructed views.

BEAUTIFUL

The premium Black Sand powder coat provides a pleasing look that virtually disappears.

AS 1530.1 FIRE RATING

A noncombustible material that's resistant to fire and meets the requirements for use in all Wildland Urban Interface (WUI) zones and roof-top applications.

PROTECTED

Invulnerable to rotting, warping, splitting, and insect damage.

Patent #US10100516B2 11066830;
101005163, 10550570

25-YEAR LIMITED WARRANTY

Visit

AS/NS 4600:2018

Our steel framing and stair system is tested and approved in accordance with the AS/NS 4600:2018 to provide reassurance that our system meets or exceeds the quality, safety, sustainability, and performance standards you demand for your deck structure.

ELEVATING STEEL

"You build a deck on steel, and you're building a deck that's going to stay flat during its lifetime."

— Blake Carter, owner of California Deck Pro's

NO SPECIAL TOOLS

"Once you try it, you can find out that it's in a lot of ways easier than wood."

— Scott Kelly, owner of Precision Construction
